## **DETAILED ACTION**

### ***Supplemental Action***

1. A supplemental notice of allowance is being written in order for the reasons for allowance to reflect the actual claim limitations.

### ***Allowable Subject Matter***

2. Claims 24 – 28 and 32 are now allowed.
3. The following is an examiner's statement of reasons for allowance:  
  
Claims 24 – 28 and 32 recite, inter alia, a composition comprising hydrolyzed or partially hydrolyzed product of alkoxy or acyloxy silanes having hydrocarbon groups containing a non – aromatic, unsaturated carbon to carbon bond and alkoxy or acyloxy silanes having aromatic substituents. The reasons for Sugita, US 6,576,393 being not applicable prior art are provided by the Applicant in their response (remarks/arguments, pages 2 and 3) mailed June 21, 2006. Additionally, the art of record does not disclose or anticipate the above limitation in combination with other claim elements nor would it be obvious to modify the art of record so as to form a device including the above limitation.

### ***Conclusion***

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
